

Lakeshore F.I.R.S.T. Robotics Program

RoboFest Practice Competition Permission Slip - 2014

I understand that I must behave according to the following rules in order to travel with the team. Any infraction of the rules will result in disciplinary action. If the infraction is severe enough, or repeated multiple times, the mentors of the Lakeshore FIRST Robotics Program reserve the right to contact the parents of any student to immediately pick up a student at their own expense for any infraction of the rules.

- * This is a one day trip. Students are responsible for their own funds for food/drink on this trip.
- * At all times we will maintain gracious professionalism. Any crude language or derogatory comments including (but not limited to) ethnicity, gender, weight, sexual orientation, physical or mental disability during the duration of the trip could result in parental contact.
- * We will follow all safety rules in the pits and at the venue at all times. If you are unclear please ask for a copy of the safety manual.
- * If I am on duty for a position, I will be at that position performing my task on time without complaint. Failure to be at my assigned post on time will result in double the duration of duty. I will do my share of the work and understand that I will be given a chance to see everything at the regional event.
- * When we are in the stands, we cheer as a single team. We will sit together as a group and not exclude other team members. While the robot is competing, all team members will be cheering for droid rage and its alliance.
- * Students will not leave the arena without a mentor for any reason. If leaving the arena with a Mentor, I will let the group know where I am going and leave a contact number.

Student Signature

Full Student Name (Please Print)

Street Address

City, State, and Zip

I (parent listed below) give permission for my son/daughter (student listed above) to travel to Wisconsin State Fairgrounds with the group under the supervision of Arrow Guetschow, Jim Evans and the other mentors of the Lakeshore FIRST Robotics Program whose names and contact information are listed in the Travel Packet. Bus Departure is at 6:00 AM on September 27th with a scheduled return at approximately 8:00 PM that same night. There are no funds due for this trip.

I understand the rules above and have discussed them with my son/daughter. I understand that the mentors of the Lakeshore FIRST Robotics Program reserve the right to contact the parents of any student to immediately pick up a student at their own expense for any infraction of the rules.
